A Millionaire's Gifts.

A few days since the telegraph gave a list of the donations made by James Lick of San Francisco for the encouragement of arts and sciences and for other purposes. The deed conveying nearly all his property, supposed to amount to about \$2,000,000, was made on the 21st inst. between Mr. Lick and Thomas H. Selby, D. O. Mills, H. M. Newhall, Wm. Alford, George H. Howard, James Otis, and John O. Earle. The deed, which was placed on record in the County Recorder's office on the 31st inst., covered all of Mr. Lick's real estate in San Francisco, consisting of 50 lots, three lots in San Jose, 150 acres near Alviso, a tract of land in Placer County, and La de Santa Catalina about 50,000 acres off the coast of Los Angeles. The property is to be held in trust by the above named persons, and is intended to secure the payment of the gifts in gold coin. The first gift is \$700,000, for an observatory and a more powerful telescope than any yet made. The telescope is to be erected on the summit of the Sierrita Mountains, on the borders of Lake Tahoe, upon land donated by Mr. Lick. The second gift is \$25,000 to the Protestant Orphan Asylum of San Francisco; the third is \$25,000 for an orphan asylum not more than five miles from San Jose, free to all orphans without regard to color or religion of parents. The fourth and fifth gifts are \$25,000 to the Ladies' Protection and Relief Society of San Francisco and \$10,000 to the Mechanics' Library Association, the latter sum to be applied to the purchase of scientific and mechanical works for the institution. The sixth gift is \$10,000 to the San Francisco Society for the Prevention of Cruelty to Animals, and Mr. Lick accompanies it with a hope that the society may organize such a system as will result in establishing a similar society in every important city and town of California to the end that the rising generation may not witness the horrors of cruelty to every-day, and brutality as has often been seen in this State. For monuments to his mother, father, sister, and grandfather, all of whom are buried in Pennsylvania, \$20,000 is given, to be divided equally. The ninth gift is \$10,000 for founding "The Old Lady's Home" at San Francisco. The sum of \$150,000 is also given for erecting and maintaining free baths in the city, and a like sum for a bronze monument in Golden Gate Park, to the memory of Francis Scott Key, the author of "The Star-Spangled Banner." The tenth gift is \$250,000 for a working statistical group, representing the history of California during different periods, to be erected at Sacramento. For founding the "California School of Mechanical Arts," for men and women \$300,000, the last sum is given to all youths born in this State. The proceeds of the residue of the property donated (about \$225,000) is to be conveyed in equal portions to the California Academy of Sciences and the Society of California Pioneers, for the purchase of apparatus, the erection of buildings, &c. Legacies amounting to \$1,000 are paid to certain natives, and a certain sum, not to exceed \$25,000 a year, is to be paid to Mr. Lick himself, who also reserves his personal and his home-land property during his life. After his death his personal property is to be conveyed to the last-mentioned societies. As some years may elapse before the trusts can be carried out, the residue of the property, the value of the land may increase much in the interval, and the Academy of Sciences and the Pioneer Society, to which he has already given valuable lots, may be rendered very wealthy by the surplus of the estate.

Mr. Lick is a native of Pennsylvania, from which State he removed to Brazil, where he engaged in stock-raising. He afterward went to Chili and Peru, and was at Valparaiso when the news of the gold discovery in California reached him. He was then engaged in business, but he made haste to collect \$20,000 and take the first steamer for California, and pay off the large purchase of the property he has just disposed of in such a public-spirited manner.

Dr. FLOWER - The most miserable beings in the world are those suffering from Dyspepsia and Liver Complaint. More than seventy per cent of the people in the United States are afflicted with these two diseases and their effect; such as sour stomach, sick headache, habitual constipation, impure blood, heartburn, water-brash, gnawing and burning pain at the pit of the stomach, yellow skin, coated tongue and disagreeable taste in the mouth, coming up of the food after eating, low spirits, &c. Go to the Drug Store of GEORGE R. DAVIS, and get a 75 cent bottle, or a sample bottle for 10 cents. Try it.

G. G. GREEN, Sole Manufacturer, WOODBURY, N. J.

SIN IS OFTEN THE RESULT of physical ill-health and feeble stomachs. During one-third of our time the process of digestion continues. To be dyspeptic is to be miserable; dyspepsia is the foundation of fevers and all the diseases of the soul, liver, skin and kidneys. Dyspepsia yields to the virtues of the vegetable ingredients in that great purifier of the blood and restorer of health, DR. WALKER'S VINEGAR BITTERS.

It is reported that the township collector of Jefferson, Morris county, has failed to account for \$6,000 belonging to the township.

Notice.

The Township Committee of the Township of Bloomfield hereby call notice of the following: Mules, Goats, Cattle Sheep or Swine, running at large in this Township, to an act relating to fees for impounding animals in the Township of Bloomfield, approved March 30, 1870, with the intention of enforcing the law.

By order of Township Committee.

Dr. William A. Hammond thinks that Dr. Henry Brown, of St. Paul, who contends that Calvin had nothing to do with the burning of Servetus, must know more of medicine than of theology. And he makes a half dozen quotations from Calvin's own letters to show that he was not only directly concerned in procuring the death of this distinguished heretic, but that he was proud of it. He did not want Servetus burned, preferring he should be taken off by some cooler and less painful process; but he used all his influence to have him put off of the way. All of which shows that Calvin lived in the sixteenth century instead of the nineteenth, and was the Dr. Patient of his time.

NEWARK STEAM TRANS. CO'S.

NEW LINE OF STEAMERS

Newark to Long Branch.

The first steam steamer AMERICAN, Capt. Geo. Holden, leaves Newark at 8 o'clock, on Monday, for Long Branch, N. J., and returns on Tuesday.
